PROFESSIONAL SUMMARY

Computer Science Engineering student (7th semester, GTU) with a Diploma in Information Technology and hands-on experience in Python, C#, ASP.NET, Django and web technologies. Seeking a fresher role as Software Developer, Python Developer, .NET Developer or Software Engineer in Gujarat, where I can apply my skills, learn quickly and contribute to the team.

EDUCATION

Qualification	Institution	University / Board	Year	Result
B.E. Computer Science Engineering	Shri Labhubhai Trivedi Institute of Engineering & Technology, Rajkot	Gujarat Technological University	2027 (completing)	Pursuing
Diploma in Information Technology	Government Polytechnic College, Rajkot	Gujarat Technological University	2023 (completed)	CGPA 7.02
SSC (Std. 10)	Seth Hasnali High School, Dholka	Gujarat State Board	2018	55%

TECHNICAL SKILLS

Programming: Python, C#, JavaScript
Web Development: HTML, CSS, Bootstrap, JavaScript, React.js
Backend / Frameworks: Django, ASP.NET, MVC
Databases: SQL Server, MySQL, PostgreSQL
Data / ML (Python): Pandas, Matplotlib, Scikit-learn, NLTK
Tools: VS Code, Git, GitHub, Figma, Jupyter, Google Colab

PROJECTS

eTrafficEye - Traffic Violation Reporting Progressive Web App (Team project, GTU Design Engineering)

- Citizens report violations with photo or video evidence while staying semi-anonymous; the traffic department verifies each report.
- Reward system: the first valid reporter receives 10% of the challan amount.
- Technologies: Django, React, PostgreSQL, HTML, CSS, JavaScript; UI flows designed in Figma.

Twitter Sentiment Analysis (Internship project, YBI Foundation)

- Cleaned text with NLTK (stopwords, lemmatization) and TF-IDF; trained a Multinomial Naive Bayes classifier for positive/negative sentiment.
- Evaluated with accuracy score and confusion matrix; visualised results with Matplotlib. Technologies: Python, Pandas, Scikit-learn, NLTK.

INTERNSHIP

Python Programming and Data Science Intern - YBI Foundation (July 2025)

- Trained in Python, Pandas, Matplotlib, machine learning and generative AI basics; built and documented an end-to-end sentiment analysis project.

CERTIFICATES

- Web Design - NSIC (1 month)
- Cyber Security - NSIC (1 month)
- Python Programming and Data Science Internship - YBI Foundation

STRENGTHS

Quick learner | Problem solving | Hardworking | Teamwork | Adaptability
